

Mail Boxes Etc.

Mail Boxes Etc. offers small and medium-sized businesses and private customers solutions for shipping, logistics, printing, and marketing through a network of franchise and directly owned service centers. MBE Centers help both individuals and companies through a distribution network of local, easy-to-access outlets, and a team that provides customised solutions and products with a distinctive and unique level of attention to each customer.

Solutions at www.mbecountry.com

© 2022 MBE Worldwide | MBE Centers are managed by independent Affiliates who operate under the MBE trademark through a franchising contract. Through its network of franchise centers, Mail Boxes Etc. offers support services to businesses and private individuals. The primary services offered are logistics and shipping, carried out thanks to agreements MBE stipulates for the Affiliates with major national and international express couriers, and graphics and printing carried out both directly and through agreements with large printing centers. The promotion of MBE services to companies and private individuals is done by the MBE affiliate both inside and outside the point of sale (farming), which is a specific contractual obligation for each Affiliate. Mail Boxes Etc. and MBE are registered trademarks and their use is granted by MBE Worldwide S.p.A. (all rights reserved). Not all services and products offered by Mail Boxes Etc. are available at each MBE Point of Sale.

MBE  Ship
PLUGIN

The solution to make e-commerce easy.

E-commerce at your fingertips

In an increasingly advanced marketplace, **on-time delivery** and a **smooth shipping process** make a huge difference in the shopping experience of customers.

If you're looking for...

- an automated flow of data and information
- a comprehensive and flexible shipping service
- a partner managing every operational aspect, from package pickup and shipping to reporting on returns and inventory

... look no further than MBE

MBE eShip Plugin is a flexible and complete solution which **automates the management of shipments**, facilitating the sales process due to its **direct connection** between your **e-commerce** and the **MBE systems**.

When an order arrives on your website, the shipment is automatically created, including all the logistical aspects linked to the process.

Why choose MBE eShip Plugin?

COMPATIBLE

With PrestaShop, WooCommerce, Shopify and with other **custom solutions** via API configuration.

FREE

Immediately available for **free**. Downloadable directly from the MBE website. You can count on our support to connect our digital solution to your platform.

CUSTOMIZABLE

Allows **shipment automation** based on customer **segmentation**.

COMPLETE

Allows automatic **management of returns** with a single, practical interface.

All the benefits of MBE eShip Plugin

- ✓ Direct connection between your e-commerce and the MBE systems
- ✓ Automated returns management
- ✓ Optimized graphical interface to ensure a smooth configuration workflow
- ✓ Automatic creation of shipments
- ✓ Management of customized price lists
- ✓ Single or multiple parcel management
- ✓ Shipment tracking and reporting

MBE Delivery Point

MBE Delivery Point is the solution that allows products purchased online to be shipped from an MBE Center and received at an approved collection center, also abroad, reducing the risk of returns..

A new approach to logistics, made for you

MBE MyLogistics is the ideal solution for every company, from startups, to larger businesses. A world of highly customized services to manage the entire logistics supply chain of your business. A single partner making processes more agile and efficient by providing storage, packing and shipping solutions tailored to your needs, from order management to after-sales activities.
